

We have received questions from Homeowner's about solicitations for enrollments received recently related to "Water Line Protection Programs" and "water service line repairs." Lancaster County Water & Sewer District (LCWSD) provides maintenance and repairs from the main water line to your water meter box. However, the customer is responsible for the service line from the meter box to the residence or building.

LCWSD is not associated with these solicitations or service agreements. LCWSD has no opinion or involvement in these third-party agreements.
